INFORMATION DISCLOSURE STATEMENT
UNDER 37 CFR SECTION 1.97

Applicants' Attorney of Record has already submitted on August 4, 2001 Form PTO-1449 and copies of documents of which the Applicant and he are aware. These documents may be material to the examination of this application. In regard to these documents, there may be a duty to disclose.

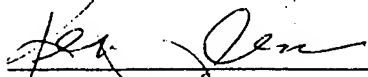

In addition, Applicants disclose that, over a period of several years, including for more than one year before the filing date of the subject patent applicatoin, they have experimented with coins as spacers for a tile replacement piece, while doing tile repair and other flooring work for a living. They used one or more U.S. coins or tile fragments between a damaged tile and a replacement tile, as a way to lift the center of the replacement tile slightly above the damaged tile. They did this privately and without any other party knowing about it. Their employer and the clients did not know about it.

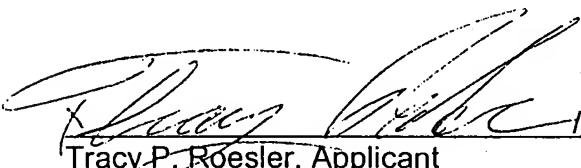

This Information Disclosure Statement is being filed ~~within three months of the filing date of the application and,~~ to the best of Applicants' knowledge and the Attorney of Record's knowledge, before the mailing date of a first Office Action on the merits.
